See I'm superstar, smoke cigars, pullin' on scores in  
stolen cars  
Rock belows, fold your cars, playin' the game, betta  
know the odds  
Blow the dice, roll the dice, mandatory pokin' nights  
Deadlier than a cobra's bite, dese young guns look  
sold to life  
Hold the mics, drunk on lonely nights, whip with me like  
motorbikes  
Shit, I know people who smoke to Christ, bleed for less  
See they meet a poltergiest, these punks ain't got  
nuttin' on me  
Back rap cats frontin' on me, smoke po cats tryin' to  
run with me  
Givin' raise stone point, sittin' under a tree  
Recognize bitch shake to the beat, if you think you can  
fuck with me  
Flippin' this shit like 1, 2, 3, armed an dangerous  
emcee  
Cruise to the hood in an MPV, all eyes on that MVP  
All blue eyes on BET, four letter words on MTV  
Forty gold chains worth seven g's, live on stage with a  
desert eag  
Any CEO that has ever breathed, approached Jojo with  
a set keyes  
But I stay cool like ten degrees, lock shit down like  
Genovese  
Keep a close look on my enemies, and keep a in bat in  
the trunk to bend your knees

[Hook]

Ba da bing ba da boom, sing to the tomb  
When the king's in the room, makin' you bounce  
Ba da bing ba da boom, when the king's in the room  
Sing to the tomb, lockin' it down  
Ba da bing ba da boom, sing to the tomb  
When the king's in the room, makin' you bounce  
Ba da bing ba da boom, when the king's in the room  
Sing to the tomb

My advice for you, don't fuck around

I'm as strife as you, guineas in the cut take life from  
you  
(Blah, Blah) Broad day like takin' life from you  
Ain't no love for the likes of you  
Doin' this here is like ridin' on a bicycle  
Listen up playboy I'm too nice for you  
Run back and tell who writes for you  
Was shoppin' in the muthafuckin' Nice-a-Doo  
Lay back always sittin' for my heist to pull  
Pull the heat to your chain, no ice for you  
I see you in ICU, betta cop your biscuit  
Grab your crucifix and kiss it, this hit is wicked  
Anybody wanna one way ticket, throwin' darts at me  
You might risk it, check this here  
Ain't nothin' but vets in here  
You against me is less than fair  
Who the fuck you impressin' here  
Chop that ass like electric chair  
It's more than you want then lets declare  
I'ma send my condets in there  
Make a mess in there, teach you a lesson there  
Do what I'm stressin' here, when you speakin' my name  
Use extra care, touch my chain a berreta flare  
Turn a handshake to a death affair  
Without one breath of air, you restin' there  
Let it be known, ain't nothin' present here  
This is my zone you be steppin' in  
I 'member that you served till your chest appears

[Hook]

I make big dough up in the rap game (Ba da bing ba da  
boom)  
We make moves out in these streets (Ba da bing ba da  
boom)  
Now JoJo bangin' all them girls, huh (Ba da bing ba da  
boom)  
Hows he be killin' all these beats (Ba da bing ba da  
boom)  
Yo, yo, I pull a dart with yo name on it  
Pimpin' JoJo? Nah I put the game on it  
A track with me, be got you be slain on it  
Huh, sunny side up when I sang on it  
South Shores stuck and we slang on it  
Push your head till them neighbors won't bang on it  
While muthafuckas try to step but he ain't want it  
Knock it down with them hottest sound flames on it  
Straight up buy slaughtered tracks, with torture raps  
Doors and slacks, and bedorin hats  
Cool jean teams spinnin' off the wax  
Back and forth and forth and back

Walk with that, I ain't soft with that  
It's natural for assholes snortin' crack  
Yeah, you gon' push me off the map  
Like I won't torch your cap and torch the gat  
Pellegrino story, there's more than that  
Great world, CR you can call it that  
Wanna be Italians, get off of that  
Or get hit across the back with a baseball bat  
This is real life ever thought of that  
1999 can't afford to slack  
Wanna face shit, kid I'm tired of that  
Ba da bing ba da boom, baby holla back

[Hook x2]
