You back track, everybody knows just that  
You're paranoid about the things that just don't cut it  
flat  
Quit your pullin' all the tricks from you sleeve  
But only God knows what the hell you mean  
Stare out my window at the broken streets below  
Feel the angst within me - soon I'm gonna blow  
Got a rage built up inside of me I'll never show  
Love to stay and chat but I gotta go

You second guess your life  
Tryin' to make it all fit  
Gotta stop your beggin'  
And be more sure of it  
Inquisitive minds wanna interfere  
Try n' figure out what the hell I'm doin' here  
Turn around the corner it's a brand new day  
Strange the way today seems just like yesterday  
Try your best to free yourself from anxiety  
Livin' for today, you gotta make it your priority

Complicated,  
Mind all faded  
And a part of you,  
Lost and jaded  
Complicated,  
Mind all faded  
And a part of you,  
Lost and jaded  
Complicated,  
Mind all faded  
And a part of you,  
Lost and jaded  
Complicated,  
Mind all faded  
And a part of you,  
Lost and jaded

Complicated,  
Mind all faded  
And a part of you,  
Lost and jaded  
Complicated,  
Mind all faded  
And a part of you,  
Lost and jaded  
Complicated,  
Mind all faded  
And a part of you,  
Lost and jaded  
Complicated,  
Mind all faded  
And a part of you,  
Lost and jaded
