Feel so alone
In a crowded place
Scared to let you
Into my space
Clouded images
Of what could be
Surrounding the actual reality
Pieces of me everywhere I look
Put the together like
Chapters in a book
Deep breath inhaled
And slowly released
Never losing a piece

CHORUS:

Suddenly there's just a shell
I can't get to know you well
Suddenly I'm trapped inside
Where nothing seems the same

I'm askin' you just
To understand
I can't let you see who I am
Try to be watched
But never seen
Live in a hole
If you know what I mean
Pretend not to care
So no one will know
Feelings I can never show
Never ever show

CHORUS:

Suddenly there's just a shell
I can't get to know you well
Suddenly I'm trapped inside
Where nothing seems the same
Suddenly there's just a shell
I can't get to know you well
Suddenly I'm trapped inside

Where nothing seems the same
