Maybe if you were some spearheaded guy  
I would listen to what you have to say  
But you're just some incapable figure  
Thinking you're bigger than me  
But you're not  
Yet you don't know a thing about the youth of today  
Stating your opinion  
Making it ring in my head all day

Chorus:

And you say  
My children weren't the same  
My children's children they're the ones to blame  
And you say  
In my day we were better behaved  
But it's not your day no more...

We are the youth of today  
Change our hair in every way  
We are the youth of today  
We'll say what we want to say  
And we are the youth of today  
Don't care what you have to say at all

And maybe if you had a true point of view  
I would listen to you  
But it's just your one sided feelings  
They keep getting in my way  
And you don't know a single thing  
About the youth of today

Stating your opinion making it ring in my head all day

Chorus:

And you say  
My children weren't the same  
My children's children they're the ones to blame  
And you say  
In my day we were better behaved  
But it's not your day no more...

We are the youth of today

Change our hair in every way  
We are the youth of today  
We'll say what we want to say  
And we are the youth of today  
Don't care what you have to say at all

Chorus:

And you say  
My children weren't the same  
My children's children they're the ones to blame  
And you say  
In my day we were better behaved  
But it's not your day no more...

We are the youth of today  
Change our hair in every way  
We are the youth of today  
We'll say what we want to say  
And we are the youth of today  
Don't care what you have to say at all
