Come lay it down, won't you,
Come burn it down, can't you,
Lay it down,
The guns above the ground,
Come lay it down, won't you
Come burn it down, can't you,
Lay it down,
The guns above the ground

Nlelith is a prophet
From the prophet came the king
From the king came the pauper
From the pauper came the swing
From the swing came creation
From creation came love,
You don't know what this
Love is all about,

Praise the Lord and
Pass the ammunition
Praise praise the Lord and
pass the ammunition,
Life affirming and our spiritual trust

Lay it down, won't you,
Come burn it down, can't you
Lay it down,
The guns above the ground

Nlelth is a prophet
From the prophet came the king
From the king came the pauper
From the pauper came the swing
From the swing came creation
From creation came love,
You don't know what this love
Is all about,

Praise the Lord and
Pass the ammunition
Praise praise the Lord and
Pass the ammunition,

Praise the Lord and
pass the ammunition
Praise praise the Lord and
Pass the ammunition,

Buddha, Mohammad and the Hindu
Lost 100
Praise the Lord and
Pass the ammunition
Praise praise the Lord and
Pass the ammunition,
People still ask when will
Armageddon begin,
Praise praise the Lord and pass the ammunition,
Praise the Lord and pass the ammunition
Praise praise the Lord and pass the ammunition,

Do we ever have enough,
When we see that blue dove
Do we ever have enough
When we see that blue dove
We want to go where
No one's been
No one's been.

Come lay it down,
Won't you,
Come burn it down,
Can't you
Lay it down,
The guns above the ground,
Won't you.
