I can feel you far away
Your hesitation matching mine
Sadness left me far away
Your contemplation turn to wine

An old man stares at me
In mutual bizarre reverie
Laugh at thy neighbor
Pretend you are sane
Just the same you
You survived in vain

Laugh at thy neighbor
Pretend you are sane
Just the same
You survived in vain

Time is the father of existence
Rhyme, the brother of resistance
Broken down by men in their crazy mind

Void is the mother of unknown distance
Will, the sister of persistence
Stripping under the elusive sky

The potion of devotion
Euphoric scriptures of the ocean

Laugh at thy neighbor
Pretend you are sane
Just the same you
You survived in vain

Time is the father of existence
Rhyme, the brother of resistance
Broken down by men in their crazy minds

Void is the mother of unknown distance
Will, the sister of persistence
Stripping under the elusive sky

I felt so alone

Till you came into my life
And stopped the pain

I felt so alone
Then you came into my life
And poured the rain

I feel so alone
Dressed in the dark silk
Clothing of your own disdain

I feel so disowned
Since your children
Took up arms in your own name

God name's different in every language
God name's different in every language

Imposed illusion, composed disillusion
God's name's different in every language
Imposed illusion, composed disillusion
God's name's different in every language
