Jeffery are you listening?

Blessed are the criminals that pursue crime as a hobby  
As soldier who kill the enemy for fun  
As hookers prostituting for joy.

Tall trees and submarines  
Skin deep abrasions.  
God's children serving dearly  
Should be forgiven.

Jeffery are you listening?

Are you listening?

Out of their fierce bellies.  
Like a swordfish dance hall metholyptus cough drops  
you on your ass.

I'm encountering a strange revival  
That of the mind.  
Thinking, un-obsessed, scrutinizing  
Mechanism of our human experience.

Unlike the staggering loop forced contemplations  
Of the ego based mind of trouble and canoes.

I am rencountering the thriving pinnacle  
Of the expansive existential thought processes.

Jeffery are you listening?

Out of their fierce bellies.  
Like a swordfish dance hall metholyptus cough drops  
you on your ass.

On the other foot,  
Why not laugh?  
Laugh of well being,  
For it is that which drives us men to evolve.

Its the trick of life, Jeffery are you fucking listening?

We are freezing standing in front of our electric heaters, nuking our food.

We are tired of your transparent "Who pays the bills sets the ways" foreign policy.

We are tired of sending our troops to foreign soils to die, not knowing why, and who's interest they were sacrificed for.

We are ashamed to see the way you take care of your people, by cutting social services, and aid to those most in need.

Explain me something

How could the richest nations in the world have starving children?

Heres the fucking point

Nations and their governments should provide, protect, and serve it's citizens.

Not the interest of the multinationals.

Jeffery are you listening?
