Come lay it down, wont you,
Come burn it down, cant you,
Lay it down, the guns above the ground
Come lay it down, wont you,
Come burn it down, cant you,
Lay it down, the guns above the ground

Nlelith is a prophet
From the prophet came the king
From the king came the pauper
From the pauper came the swing
From the swing came creation
From creation came love,
You dont know what this love is all about,

Praise the Lord and pass the ammunition
Praise praise the Lord and pass the
ammunition,
Life affirming and our spiritual trust

Lay it down, wont you,
Come burn it down, cant you,
Lay it down, the guns above the ground

Nlelith is a prophet
From the prophet came the king
From the king came the pauper
From the pauper came the swing
From the swing came creation
From creation came love,
You dont know what this love is all about,

Praise the Lord and pass the ammunition
Praise praise the Lord and pass the
ammunition,
Praise the Lord and pass the ammunition
Praise praise the Lord and pass the
ammunition,
Buddha, Mohammad and the Hindu
Lost 100
Praise the Lord and pass the ammunition
Praise praise the Lord and pass the

ammunition,
People still ask when will Armageddon begin,

Dragging my feet any longer through the
pussy litter,
Dragging my feet any longer through the
pussy litter,
Dragging my feet any longer through the
pussy litter,

Nlelith is a prophet
From the prophet came the king
From the king came the pauper
From the pauper came the swing
From the swing came creation
From creation came love,
You dont know what this love is all about,

Praise the Lord and pass the ammunition
Praise praise the Lord and pass the
ammunition,
Praise the Lord and pass the ammunition
Praise praise the Lord and pass the
ammunition,

Do we ever have enough,
When we see that blue dove
Do we ever have enough
When we see that blue dove
We want to go where no ones been
No ones been

Come lay it down, wont you,
Come burn it down, cant you,
Lay it down, the guns above the ground
Wont you.
