he first time I saw you  
And looked into your eyes  
And love sneaked up on me  
And took me by surprise

And my heart sang tra la la la  
Tra la la la tra la la la  
I'm falling in love with you

The first time you kissed me  
And held me tight  
I felt a thrill that was  
So out of sight

And my heart sang tra la la la  
Tra la la la Tra la la la  
I'm falling in love with you

I close my eyes and  
I hear church bells ringing  
I see a chapel with  
The choir singing

Tra la la la  
Tra la la la tra la la la  
I'm falling in love with you

Tra la la la ooh baby  
Tra la la la yeah yeah my baby  
'm falling in love with you

Tra la la la  
Can't you hear me baby yeah  
Tra la la la yeah my baby  
I'm falling in love with you
