Oh,  
It gets too dark  
To find my way back  
In the City of Night

You  
You gotta let me know  
You gotta tell me when  
Let my soul to glow

And every time you come  
And every time you find  
We always under way  
In the shade of night

Chorus:

So I am lost  
In the centre of the city of night  
And I can't  
Find my way out to the sunrise

So don't teach me the lesson if you know it no more  
Don't pull it ahead to find different shore  
Do tell me the thing once and for all  
How to escape this sombre city like coal

Wait,  
There is something wrong  
That we haven't heard  
Like a marry song

And you  
You gotta let me know  
Really have to show  
What is going on

And every time you come  
And every time you find  
We always under way  
In the shade of night

Chorus:

So I am lost  
In the centre of the city of night  
And I can't  
Find my way out to the sunrise

So don't teach me the lesson if you know it no more  
Don't pull it ahead to find different shore  
Do tell me the thing once and for all  
How to escape this sombre city like coal
