It started with a promise sign  
An arm twitch now he screams  
"Yes she is alive"  
"Son haven't got much time"  
The wiseman said and fled into the light

He left without a trace  
"What happen to her face"

How can I give you  
A smile I wonder  
I feel alone  
How can I bring back  
To life I wonder  
Your empty clone

It ended with regret  
A lonely cry for help  
A silent kiss  
Her soul began to bend  
He wondered how  
It ended like this

"Baby I'll do my best"  
He laid upon her chest

How can I give you  
A smile I wonder  
I feel alone  
How can I bring back  
To life I wonder  
Your empty clone

"Baby I'll do my best"  
He laid upon her chest

How can I give you  
A smile I wonder  
I feel alone  
How can I bring back  
To life I wonder

Your empty clone

How can I give you

A smile I wonder

I feel alone

How can I bring back

To life I wonder

Your PERFECT EMPTY CLONE
