My baby's gone, and I said goodbye  
My baby's gone, that's why I cry  
Gee, I liked to hold her and squeeze her tight  
Hear her say she would treat me right  
Bye-bye baby, baby be good

She's the only girl for me  
With her love, how happy I'd be  
You know I told her that I love her, I need her so  
And then she broke my heart, said she had to go  
Bye-bye baby, baby be good

One of these days I'm gonna find me a girl  
I'll marry her, take her around the world  
She'll make me happy and I'll never cry  
No more will I say goodbye  
Bye-bye baby, baby be good

Well, bye-bye baby (bye-bye baby)  
Bye-bye baby (bye-bye baby)  
Bye-bye baby (bye-bye baby)  
Bye-bye baby (bye-bye baby)  
Bye-bye baby, baby be good
