Ferry boats have sailed and I'm following your trail
Truth did arise, but the water's too deep
Eyes upon a scale trying to keep a balance
Walking on shells this time

Cannonball has been let go
Still there's fire in the hole now
Police captain and his crew
They've done the best that they can do
The rest is building up in my mind

When it all comes down
You do what you do to yourself
Most of the time

And I'm not trying to make a scene
Diggin' deeper I'm coming clean
And it's all mine
It's all mine
This time

Lighthouse captain's giving clear
The signal's coming through
I'm waiting through the dark
And I am carried by blue
Eyes upon a scale finding a balance
Ringing on bells this time

Ringing on bells this time

When it all comes down
You do what you do to yourself
Most of the time
Most of the time

Most of the time
She comes creeping in
