She was standin' by the bar at the club we were playin'
Half an hour before the show
I couldn't stop starin' so finally I decided to say hello
She never seen the band but she was a fan,
She'd heard a couple of songs online
We sat there talking 'til the club filled up and it was
show time
I said I didn't catch your name and she said Amy
I said will I see you after the show and she said maybe

And all night, I tried
To look out at that crowd and find her
But those lights were so damn bright up there
So I said, "You got time for one more song?
You all know it so sing along
Gonna sing it out to a girl
I hope she's still here"

And I sang Amy
What you wanna do
I think that I could stay with you
For a while, maybe longer if I do.

With a girl like here the best you can hope
To do is date her off and on
You think it's going great, you turn around one day
And she'll be gone.
She's beautiful and sweet and complicated
She'll break my heart
And then she'll show up where I'm playing

So all night, I tried
To look out at that crowd and find her
But those lights were so damn bright up there
So I said, "You got time for one more song?
You all know it so sing along
Gonna sing it out to a girl
I hope she's still here"

And I sang Amy
What you wanna do

I think that I could stay with you
For a while, maybe longer if I do.

I keep falling in and out of love with you
Falling in and out of love with you
I don't know what I'm gonna do
Cause I keep falling in and out of love with you
Yeah
