Chorus:

Come sail away with me to St. Lucia.
Come walk the sandy beaches, hand in mine.
Come sail away with me to St. Lucia,
And I will stay with you, through all time.

Verse:

I've sailed around this world, on this old schooner.
The seven seas run heavy, through my veins.
I've sailed through stormy seas, no man should
venture.
I've seen the face of death, at every turn.

I've had my share of rum, my share of bourbon.
I've had my share of fights, and endless nights.
I've had my share of life, my share of living.
I've had my share to gamble, against the odds... So...
(Chorus)

Verse:

The years I've lived, upon the ocean.
The years I've lived sailing, 'round this world.
The years searched in vain, times forsaken.
I've lived a life time alone, how 'bout you. (Chorus)
