So this is how it falls apart  
Adn this is how to break a smile  
If you want I can stay 'till your eyes are as heavy  
As you aren't ready to lay to rest  
The brilliant mess we've made

Put on your whites we'll go fencing with out guards  
down  
And when we're done and tired of bending wires  
Well make for higher ground  
There we can keep for sake the halcoyon days  
And put them in their proper place  
As a memento of the difference of our ways

I know you feel it in your bones  
But here we are a circle missing one too many spokes
