I graduated on May 13th
Threw my cap in the air
Had too much to drink
Told everybody
That we'd stay friends forever
Well it was three a.m.
When she drove me home
We were a couple
From that night on
Steaming up windows
And spending every minute together

Oh me and Amy
Making out down by the water
Radio blarin'
Both of us swearing
Nothing was gonna change

We were young and lazy
I was soaking up that sweet summer
Spending my days
In a beautiful haze
And all of my nights
Chasing Amy

Well it was midnight pizzas
And baseball games
Hanging out at the bowling lanes
Sneaking into the movies on Friday night
Oh I was always trying to steal one more kiss
She had something I couldn't resist
Fireworks shooting off between us like the fourth of July

Oh me and Amy
Making out down by the water
Radio blarin'
Both of us swearing
Nothing was gonna change

We were young and lazy
I was soaking up that sweet summer

Spending my days
In a beautiful haze
And all of my nights
Chasing Amy
Oh I love chasing Amy
Well I guess there ain't no endless summer
Life's all about change
I haven't seen her since that September
But sometimes I still think about

Me and Amy
Making out down by the water
Radio blarin'
Both of us swearing
Nothing was gonna change

We were young and lazy
I was soaking up that sweet summer
Spending my days
In a beautiful haze
And all of my nights
Chasing Amy
Oh I love chasing Amy
And I still remember
Chasing Amy
