[ Mix Master Spade ]

Well, you thought grey-hair granny had an overdose  
She's out there teachin those ballers how to roll, you  
know  
She's sayin, "Listen here, my man, you wanna make  
some dough?  
You got to have cash, I guess you know  
So she gave him a pack (and then he said)  
It's cocaine, not lemonhead  
So you're standin on the corner and you hide your  
stash  
You put it on a tree or on the grass  
And when the cars roll by ( ? )  
(Put your hands in the air) and go: "What you need?"

[ DJ Pooh ]

Now stop, listen, I wanna show ya  
A scratch I invented, perfected, I know ya  
Can't front and tell me that you heard it in Philly  
Silly, you (dumb hillbilly)

Saying rhymes that you knew were mine

Feel the bass as it goes on  
On and on to the break of dawn  
Cause I'm furious, deadly just like ( ? )  
You sucker MC, it's you I slay  
Step back, you suckers, cause it's my turn  
Just call me your teacher cause you're here to learn  
You got to go to school to make it these days  
You stay in class and get you some A's  
You come see Spade and you get a degree  
Your major in rap technology  
We got King Tee and DJ [Name]  
Toddy Tee and me, the '88 superstar  
You learn how to mix with a beat that's hot  
DJ Pooh, Joe Cooley and Dance-A-Lot  
And if you pass our class, young boys and girls  
We'll welcome you into our rapping world  
Sho' shot, body rock  
Come on, everybody, get ready to rock
