Bring me two of those Dos Equis
Don't make me get on my knees
Stay thirsty my friends pretty please
And bring me my Mexican beer

Bring me one of those Pacificos
It makes me feel magnifico
From my head down to my toe
I really love my Mexican beer

So bring me some of that Mexican beer
Mexican water that I don't fear
Tell Anheuser-Busch to get out of here
And bring me my Mexican beer

Negro Modelo makes you feel so mellow
Gets all the señoritas saying hello
Soon your body will be feelin' like jello
God, I love that Mexican beer

Please bring Bri another Corona
I'm starting to feel all alone-a
Make sure it's from south of Arizona
Import me a Mexican beer

So bring me some of that Mexican Beer
Mexican water that I don't fear
Tell Anheuser-Busch to get out of here
And bring me my Mexican Beer

Please bring me another Tecate
I'm starting to feel a little naughty
Like that boy over there kinda alotte
Bring me a Mexican Beer

So bring me some of that Mexican Beer
Mexican water that I don't fear
Tell Anheuser-Busch to get out of here
And bring me my Mexican Beer
