#### Verse 1:

Sometimes I swear you could cry whiskey tears  
Because sometimes you drink that fire like water  
And sometimes you skip the glass and the ice and  
drink it straight  
Like the hurting are able  
And then you pick up that guitar and you sing about the  
black and white label  
Oh but I, I want you to sing about me  
Oh and I wanna stay up with you all night long

#### Chorus:

I wanna be your whiskey. Wanna erase her memory.  
Because you reach for the bottle when you're  
hurting full throttle  
I wish that was me.  
And she left you alone and that burn gets you through  
the cold.  
What's in that river that makes you not miss  
her is what I wanna be  
I wanna be your whiskey

#### Verse 2:

Sometimes I think what the hell was she thinking  
To hurt you so bad that she drove you to drinking  
Oh but sometimes I am thankful she was  
temptation's dumb fool  
Cause now I'm staring at you and I  
see baby your glass is still half full  
Oh but I, I want you to crave me  
Oh and I wanna be the one who will never do you wrong

#### Chorus:

I wanna be your whiskey. Wanna erase her memory.  
Because you reach for the bottle when you're  
hurting full throttle  
I wish that was me.  
And she left you alone and that burn gets you through  
the cold.  
What's in that river that makes you not miss  
her is what I wanna be

I wanna be your whiskey

Chorus:

I wanna be your whiskey. Wanna erase her memory.  
Because you reach for the bottle when you're  
hurting full throttle  
I wish that was me.  
And she left you alone and that burn gets you through  
the cold.  
What's in that river that makes you not miss  
her is what I wanna be  
I wanna be your whiskey

Outro:

Sometimes I swear you could cry whiskey tears
