Boadicea, behold the fate of the army
you controlled
Did it quench your lust for blood, did it satisfy your soul

Darkness fell upon the land
The day the kingdom died
The empire tore its grasping hand
Through our darkest night
They robbed us, and raped us
Flogged us, betrayed us
For our freedom,
or our kingdom
We will make a stand
and fight, fire with fire

Boadicea, Boadicea,
suddenly you're sad and sorry
Boadicea, did it please ya
when the final battle raged
Heaven's on our side
Boadicea, Boadicea, how'd you miss your claim to
glory
Boadicea, would you be a heroine if here today
Boadicea, behold the fate of the army
you controlled
Did it quench your lust for blood, did it satisfy your soul

Two hundred thousand arms to wield
A wild and mindless might
The sun rose on the battlefield
To mock a woman's pride
They stabbed us, and shamed us
Burned us, and maimed us
For our freedom,
for our kingdom
Hear my call to arms and
fight, fire with fire

Boadicea, Boadicea, suddenly you're sad and sorry
Boadicea, did it please ya when the final battle raged
Heaven's on our side

Boadicea, Boadicea, how'd you miss your claim to
glory
Boadicea, would you be a heroine if here today

To avenge your king
In the name of Glory
To avenge your queen
The Iceni Glory
Fight on !
Fight on !
Fight on, fight or die !
