I'm advocating alphabetic assaults on a mans
amazement

absorbing any amount of attacks from any assailant

assassinating adversaries amputating their arms

and astronomic amounts of amateurs up in my abattoir

I blast your brain with bazooka type ballistics breaking
bones

Beat you like Bruce lee with big bats or badboy black
boy busting bushido

I battle battalions with a baseball bat beat their
bumberarse

with the breathtaking bulletproof bubble burst in a
block busting broadcast

braveheart buffalo soldier with another bible basher
burning like a blazing bonfire

I'll bludgeon and bodybag you

I make curiosity kill the cat then creep just like a cougar

Cripple your coalition with critical cool maneuvers

Crack your cranium with a crowbar

Captivating you with my coma,

Causing a cataclysmic impact like a cobra

Dusk till dawn I deliver a deadly dose of dark dialect

Destroy like delahoy with dynamic dialogue that
dissects

Discipline disciple with dramatic dynamic displays

Desert storm and disrespect distress your DNA

Download your disc drive decipher decode and
demolish your data

Dazzle you with death defying deliveries

Too dark for Darth Vader

Evidently excellency engulfs my entire entity

Mcs evacuate when I make my entry

It's elementary I'm eradicating my enemies with ease

Exaggerating emotions with an overdose of Es

I'm the futuristic fist of fury fabulous freestyle fashion

Faster than a Ferrari F1 my faculties you couldn't
fathom

My fiery ferocious force like forest fires flash floods
and freakstorms

Fantastic like the four I fortune tell and verbally freefall

I grind you down to a gradual granual when I be
grafting

My graphical gamma grammar be leaving you niggers
gasping

With more grip than a Goodyear when I shift gear with
the gift here

Goodness gracious the greatest galactic rappers have
stood here

I hypnotize a hypnotist giving a hologram
hallucinations

Plus my heat seeking high explosive hip-hop causes
hyper-ventilation

Intervening like intravenous injections inside your
intestines

Interesting like an inquest and leave you impressed

and

I and I is instantaning your simpusle is impaling yo

insert it in my ears and my ism start inhaling yo.

From ju-jitsu to judo I put your jugular in jeopardy

Jab like Joes junior to the jaw I make you jerk and jump
like jet-li

I'm killing the Ku Klux Klan round some ka kani khakis

Kung-fu kicking your kidneys and then I'm caning your
car keys.

Keep a kalashnikov in a karan inside my kitbag

Kidnapping and craning the KGB and make you kick
back

Most laser guided literature it literally makes you lose
limbs

Left in the land of the lasra larynx lapped down in my
labyrinth

I leave a legendary legacy as a legitimate lyrical lyricist

I defy levitation laws my lateral thinking leaves you lyric
less

My miraculous murder methods are madness I'm
causing malice

With a mind of a million mathematicians I murder
masses

Masquerading mayhem in your manor like Mafiosos

Maxing from Montreal to Manhattan like Motorola's

I'm nasty like Nas naughty by nature but never say
never

Navigate at night I'm the narcotic nuclear nemesis
making you nosedive

I obliterate my opponents with an ordeal of oral
onslaughts

Your overwrought with an oratorical orgy when I'm on
course

I'm in and out of the ordinary ordinance from my
orifice

I'm out of order with orders to boot you out of your
offices

I'm a paranormal paradox portraying pyrotechnic
prophecy

Panoramic philosophies like pharaohs and pyramid
properties

I paralyze a parasite with pen and paper perception

The power of a Porsche at performing phenomenal
perfection

Don't query our quest or question my quadrophonics

I'm quicker than Audi Quattros with quality supersonics

Highly qualified quotes will leave ya hung drawn and
quartered

And queens lyrically captured be catching the
quarantine

I'm a rampant radical renegade who'll rapidly rupture
your ribcage

Rip up your rastclart like a rabid rottweiler on the
rampage

I reckon my rawriding riddims will give the risible
rheumatism

Representing reality rhymes we need some righteous
realism

Suffering suckatash I stash a smash and snatch a
stash

I'm spitting science or sharpen deceiving shaving your
stash

Schizophrenic schematics we're static and cypher
stuns

And super sporadic savages scavenge around my sermon

My triple tongue tied technique attain the turbulence of a typhoon

With torpedo trajectory I titanically testify me tune

With a thunderous thesis I think with a thousand tortuous thoughts

With the tortion of a tornado I travel like a tomahawk

I make time warp when I talk like a telekinetic taskforce

Travelling in a time machine towards the twilight zone when I'm on tour

I'm an undefeated, unseeded lyrical ultra-sonical wheat kid

With the universal dispersal rehearsals don't mean I need it

I natural unilateral Phi-Life remain the uncatchable

With magical mindchart minds and limbs that are undetachable

My vocal volcanic verses cause invisible vacuum vortex

My visceral vocabulary

Venomous viper vigilante vapourising your vibe

Verbally I'll murder thee and vocally vandalise

I walk from Wales to Washington D.C on the warpath of an MC

We're surfing the world wide web and nobody is willing to --- we

We're causing the worst water works to the worlds wackest of wordsworth

The wickedist wizard in time with the vines time in Wandsworth

I went to the X games with my ex-girl in an extra-large T-shirt

Cos I'm an extremist and no-one can play the
xylophone with my penis

Rising like yeast this verbal beast is big just like a yeti

Yoga floating my boat and leave it tangled just like
spaghetti

Yanking your ladies yashmak stabbing your back like
Yitsak

Shaggy just like a yak when attacking you with my
shitsack

From Zambia to Zanzibar this zany Zulu from Zen will

Cross the Zodiac when lyrics are zooming like a lens
