Yo Yo Yo

Yo my nigga

My rhymes been shining

Even the moon dont shine like my verse

Even the stars in the sun dont shine like this

Chorus

The shining, The shining, The shining

Please take heed when I'm rhyming (x4)

Verse 1

Now I take you over

Take witness like Jehovah

Cant compete because my style be butter like clover

its a supa cala fragalistic expialadosious

When i rhyme i hope you focus

Nasty like puss I make a mess

Cant see me like the monster from loch ness

I beg ya dont test

its a Phi Life Cypher

Here to get you Hyper

No matter what blood typer

Jump out the frying pan into the fire

Burning with desire, body is perspire

Where infones just to get the bones

Without the juice another stone

Just a way to flick my dough

1 hand on my throne

Kick you like Seagal

Fly like an Eagle

Inimitable fly style child

I can see all

Open up your mind to the shining

Redefining, mesmerising

Nigga throw away your dollar Calvin Calvin Kleining

I'm in charge

In the middle of the night like the barge

Got the shotty from Johnny Donny

The AK from the krave

Anybody get in my way they gettin sprayed

Nigga tried to redefine me with swine

Jumped on his back

Cold fucked up his spine

Chorus (x4)

Verse 2

Your life will get tekken

As i hit you like Yosimitshu

I grips through and rips you

Like some tissue

The issue

Will be to diss you

If you be talking

So step the fuck back

Like Michael Jacksons' moonwalking

I ride the rhythms like the rocky roads from ridge racer

Always lead the pack

Cos I'm the natural born pace maker

The gonderlero, ragamuffin, rap hero

Got father like de Niro

But i aint acting I'm rapping

Packing

X amount of lyrics in my brains account

and word is out

i be turning everybodys party out

The supa dupa

Rap trooper

Be on the next rap manuva

My rap ability to compensate my rap facility

My energy electrifies

Rise like the sun

Bring me missions impossible

Nigga i get the job

Done the war be won

If im on your side if not done

Cos i bring the ruckus to the mothafuckers

pushing their luck

To Lazi Ayatolla turn your eye out badboy

Like Alcapone pick up the microphone

Smoke some niggas like im in the ganja zone

The king like kong

For realla

The god like zilla

Bring mo action than a murder mystery in suspense
thriller

My lyrics take up

Like Aircrafts

Nigga be needin some skin grafts

Cos you know my shit be hot like back draft

Hovercrafts cause causing man slaughter dark and out
of order

Kick a pregnant woman

and break her fuckin waters

Dangerous at close quarters

Causing face contortions

Highly murderous

Just like the back street abortations

So step wit caution

As i double double my tongue tongue

With lyrical lyrical style style

Second second to none none

So run run
Grip wit fast fast
andele andele
He be like speedy Gonzalez
Cos i bust bust
That arse arse
My like manuva outclass
Fractures bruck up your blood clot
Send em a duff clart
Wit my lyrical gun shot
Lyrical top notch naturally gifted
Born to rock rock
Be in my vains
Stab me im bleeding hip hop
The frighten light skin
Strikes like lighting
Flash like Gordon
I make you wonder like Stevie
when i do my ting
Chorus (x2) fades away
