Chupacabras

a) Supper's Calling

I wonder what's for dinner tonight  
If everything works out all right  
I'll be feasting

So let's see what's for dinner tonight  
A treat below that beats with life  
It's calling, bleating, breathing, bleeding

I sense your presence, smell you near - sneaking,  
hiding  
I hear your heart and feel your fear - flowing, moving  
Behold it soon will all be clear  
My eyes, shining: hypnotizing

b) The Shepherdess

You've lost control  
You've lost your way home  
Out in the cold  
You've lost your way home

You've lost your way home  
You've lost your way home, out in the cold,

c) A Brief History Of Truth And Beauty

I will live again  
Up from the air of my succulent lair  
I will rise anew  
Into the wind I will move my wings  
I will feed again  
Drain to the depths with my clean teeth and breath

I am beauty  
I am beauty

Once for awhile there was light beside the dark

Once long ago there was fire because of spark  
Secrets have faded, shadows have grown  
We are just wanderers whose path is unknown  
Unknown,.

I am free at last  
Take in a breath, there's no looking back  
I go circling  
Spying from high, I watch my prize  
I will wipe the sleep from red glowing eyes and prepare  
to arrive

This is beauty  
(I couldn't ask for anything more)

#### d) Chupacabras Stomp

All that we have ever known  
Is seeking love and wanting home  
All that we have ever known  
Is seeking love and wanting home  
Creator  
I bring the gift of everlasting dream  
Creator  
I bring the gift of life between the seams  
I bring the gift,

#### e) Get My Goat

Instrumental

#### f) Study And Review

Secrets have faded, shadows have grown  
We are just wanderers whose path is unknown  
The path is unknown,

#### g) The Gift

I will live again  
Deliver myself from waiting in stealth  
I will rise again  
Meet you alive on the other side

I am freedom  
I am freedom, you couldn't ask for anything more  
You couldn't ask for anything  
Creator,  
All that we have ever known  
Is seeking love and wanting home  
,unknown

I am freedom  
I will free them
