Oh take me back again, take me back again  
Just take me back again to that day, take me back  
again

I still remember your face that day  
I still remember your voice, seemed so strange  
But I'm trying to remember the things that you said  
Trying to imagine what must have gone through your  
head

And I can't forget the swollen colour of the bleeding  
sky  
I keep imagining a storm behind your eyes  
You took up your tears and waved goodbye  
For the last time  
Now I take up my tears and wave goodbye  
For just one last time

I could have done nothing  
For a friend determined to go  
I could have done nothing  
How come I think I should have known?  
I could have done nothing for a friend

I keep remembering all the words you didn't say  
I keep imagining all the clues that must have floated  
away  
But I can't remember was it I who turned a blind eye?  
Please help me remember on that day was I so very  
blind?

I can't imagine what I thought when you turned to go  
Didn't I know, didn't I know, didn't I know?  
I felt December in the air, but August was near  
I felt December in the air, but the summer was here

Now I take up my tears and wave goodbye  
For just one last time  
I take up my tears, I say goodbye  
For just one more time - goodbye  
I take up my tears, I say goodbye

For one last time
