One day down, a day away, a day away
One day down, a day away

In Quentin Quick's cathedral, I was ensnared by
something evil
And snatched into the spotlight - A god to fool the
people
I'm stuck in this tomb - Everyday - I'm never gonna get
away
I don't like what I do - I don't like what I say,
but I'm never gonna get away

I can't be the one to free them - I am a puppet of the
Priests
There's no escape, they trapped me like some
domesticated beast
But something stirs inside me - An appetite that wants
to feast
Some accidental transfer and I have been unleashed

..I will be released
The times they are a'changing
One day down , a day away, A day away
You're never gonna get away, get away,
get away cuz I'm never gonna go away

You know I know it's over

And I will be okay
I know you know it's over

Will never be the same
I know I know it's over
But I will rise again
You know although it's over
I'll never go away

I will be okay

I'm never gonna go away
