Orangutan waiting for the perfect vine
Orangutan don't you know I love your side/sign
Orangutan waiting for the other side
Orangutan motion from the other side

Orangutan don't lose your sand
That used to drive you wild
Orangutan you lose your sand
Waiting for the other side
Just waiting for the other side

Orangutan banging on the garden wire
Orangutan don't ya know I love your fire
Orangutan I wish you could go outside
Orangutan I'll see you another night

They say that you will be extinct by 2085
Because the space that is your place will no longer be
wild
Playing on the other side

Orangutan ain't it good to be alive
Orangutan don't ya know I love your mind
They say that you and I will walk together miles forever
They say that you and I we share a vine that can't be
severed

Playing on the other side
