Collector, collector
We have what you're after
Your source of amusement
No one is wiser
Concealer, concealer
The trophy draws nearer
We give you the dealer
Maimer and healer

Collector, collector
We just want to find you
We're coming much closer
Transact and admire you
We need a revision
To the deal we've been giving
It's drawing much nearer
Reward the revealer

Bring us your best and your bold
We'll give them back when they're cold

We've been waiting for you, like we said we'd do
We've been waiting for you like you told us to
We wait for you

I'm out in the oblivion
Drowning at the living end
Suffer this world and be done in the oblivion
Crowded at the living end

Give us your heart and your goals
We just want a part of the whole

We've been waiting for you, we said we'd do
We've been waiting like you told us to
Like we said we'd do
We've been waiting, waiting for you
