Ooh, yeah yeah.
Woah, oh oh oh.
Woah woah woah.

I don't even know how to say this.
And I don't want to make no excuses.
This has been on my mind for a while.
And I should stop stalling and just say it.
We were so cool when we started out.
Made me for love, I was the one you always dreamed
about.
So I just went along living in the moment.
Boy, you're just not the one for me.

We're really different but I can't see myself with you.
I had these feelings but it's not enough to be with you.
Should've told you sooner but everytime I tried I got
caught up in the emotions.
And now I'm feeling like I'm stuck.

[Chorus]
Let it go.
Didn't mean to string you along.
I gotta let it go.
Don't wanna make things any worse.
I gotta let you know, it's killing me inside and I'm losing
my mind.
So I gotta tell you goodbye.

So now that I said what I had to say.
I hope I haven't made a mistake.
Cause even though I am sure of everything I say.
I can't help it if I miss you every now and then.
And I know you're real confused and I don't blame you
at all.
And I hope that we can be friends sometime later on.
But you got to understand it was meant to be this way.
Cause now you're falling and I just got to be honest
babe.
We're really different but I can't see myself with you.
I had these feelings but it's not enough to be with you.
Should've told you sooner but everytime I tried I got

caught up in the emotions.
And now I'm feeling like I'm stuck.

[Chorus]
Let it go.
Didn't mean to string you along.
I gotta let it go.
Don't wanna make things any worse.
I gotta let you know, it's killing me inside and I'm losing
my mind.
So I gotta tell you goodbye.

Wish we hadn't crossed the line.
Don't want to say goodbye.
But everything's changed.
Wish it was still all the same.
Now we ain't friends no more.
Sorry that I led you on.
Maybe one day things could be the same again.
But now I gotta.

[Chorus]
Let it go.
Didn't mean to string you along.
I gotta let it go.
Don't wanna make things any worse.
I gotta let you know, it's killing me inside and I'm losing
my mind.
So I gotta tell you goodbye.
