

Sesame Street "Big Blue Marble"

The earth's a Big Blue Marble
When you see it from out there
The sun and moon declare
Our beauty's very rare

Folks are folks and kids are kids
We share a common name
We speak a different way
But work and play the same

We sing pretty much alike
Enjoy spring pretty much alike
Peace and love we all understand
And laughter, we use the very same brand

Our differences, our problems
From out there there's not much trace
Our friendships they can place
While looking at the face
Of the Big Blue Marble in space
