There's someone that I care for  
Gee, the one I need is you  
A chum who's always there for me  
If skies are grey or blue  
Your precious little picture  
Is a fixture in this frame  
I love to sit and stare at it  
And softly spell your name

D means you're delightful and delicious and so dear  
U says I'm undone by what you do  
C is for the cute way that you squeak into my ear  
K is for the kick I get from you  
I, I'll be there if you're in hot water  
E you're extra-special to the end  
Put them altogether, they spell DU-UUU-CKIE  
Rubber duckie, I'm so lucky you're my friend  
spoken: So rubber duckie, that's a great picture of you.  
(squeak, squeak)  
Yeah, you like the song? (squeak, squeak)

D means you're delightful and delicious and so dear  
U says I'm undone by what you do  
C is for the cute way that you squeak into my ear  
K is for the kick I get from you  
I, I'll be there if you're in hot water  
E you're extra-special to the end  
Put them altogether, they spell DU-UUUUUUU-CKIE  
Rubber duckie, I'm so lucky you're my friend
