Yoddleody yoodleeeee  
Well I'm happy and I feel glad  
I'm in love and that ain't bad  
(horse kisses his nose)  
But sometimes I feel real sad  
And I sing the blues

These are feelings that are real  
That we all feel

But sometimes I get real mad  
There are things that make my mood bad  
When I'm afraid I start to shake  
(rattler appears shaking his rattle)  
A rattlesnake!

These are feelings that are real  
That we all feel

Well happy, sad, love, fear and mad  
Ups and downs, and lows and highs  
Sometimes we're blue  
And sometimes we're cookin'  
But there's a feeling when you ain't looking  
Close your eyes

(bear appears and says...)  
Surprise!
