If you want to see me, I'll tell you what to do,
Knock three times on my trashcan lid, and then I'll know
it's you.

Knock three times (knock, knock, knock sound)

Knock three times (knock, knock, knock sound)

Knock three times (knock, knock, knock sound while he
sings:)

And here's what I'll do:

I'll yell, "GO AWAY!"

'Cause I don't wanna see you.

If you want to take me driving,

Out riding in your car,

Drive on up and honk three times, and I'll know who you
are.

Honk three times (honk, honk, honk sound)

Honk three times (honk, honk, honk sound)

Honk three times (honk, honk, honk sound while he
sings:)

I'll just stay in my trash can,

'Cause I don't wanna ride with you.

Now I don't care it you're big or small,

And I don't care if you're sho-hort or tall,

'Cause every spring and summer, winter and fall,

I don't wanna see anybody at all!

BUT! If you want to call me,

When I am all alone,

Dial my number and ring three times, and I'll know it's
you on the phone.

Ring three times (bring, bring, bring sound)

Ring three times (bring, bring, bring sound)

Ring three times (bring, bring, bring sound while he
sings:)

And here's what I'll do:

I won't pick up the phone,

'Cause I don't wanna talk to you.

(And I don't wanna ride with you.

And I don't wanna SEE you.)
