She loves numbers as much as me
And she's a great counter, just wait, you'll see
Whenever she can, she stops to shout
Counting the numbers, never leaving any out

She's little miss, little miss, little miss count along
She loves to count while singing our song
Little miss, little miss, little miss count along
Come on and count with us, you can't go wrong

1, 2, 3, 4, 5, 6, 7, 8, 9, 10
Let's count them again
Let's count them again
1, 2, 3, 4, 5, 6, 7, 8, 9, 10

She's little miss, little miss, little miss count along
She loves to count while singing our song
Little miss, little miss, little miss count along
Come on and count with us, you can't go wrong

If I count flowers, or tall trees
If I count birds or bumble bees
One thing's for certain, you can bet
She'll count right along, no sweat

She's little miss, little miss, little miss count along
She loves to count while singing our song
Little miss, little miss, little miss count along
Come on and count with us, you can't go wrong
