In old Transylvania when I was a lad
Our castle was poor but we never were sad
We learned to be happy
We'd dance round the hall
And learning to count was the key to it all
By counting each count I knew just where to start
And one special step has stayed close to my heart

One two three, spread out the cape
One two three, twirl round the floor
One two three, left foot you swing
One two three, then start to sing
One two three, loud as you please
One two three, counting with ease
One two three, doing the batty bat
Batty batty bat batty bat batty bat batty bat
One two three count
Batty batty bat batty bat batty bat batty bat
Won't you dance with me doing the batty bat

So now in my own castle I can enjoy
This wonderful dance that I learned as a boy
I see just how wise was my whole family
They taught me to count and so now look at me
I'm counting and dancing and I swear that it's true
If you do the same you will be happy too

One two three, spread out the cape
One two three, twirl round the floor
One two three, left foot you swing
One two three, then start to sing
One two three, loud as you please
One two three, counting with ease
One two three, doing the batty bat
Batty batty bat batty bat batty bat batty bat
One two three count
Batty batty bat batty bat batty bat batty bat
Won't you dance with me doing the batty bat
