Staring out my window, I can't see  
Why I feel alone when you're standing next to me

I carry on but know that I just need  
Something more to carry on  
The lead, you wanted to be, but

You're not the one  
You fooled everyone  
I planned my life around you, but  
You're not the one

Way too long I'm feeling too weak  
To make the point I know that's fallen in between

And I can't feel your heart now, I can't breathe  
All the ways I'm finding all  
That we, wanted to be, yeah yeah, but

You're not the one  
You fooled everyone  
I planned my life around you  
You said, "I love you", said, "I love you"  
But you're not the one  
You fooled everyone  
I planned my life around you, but  
You're not the one

No 'cause you're not the one  
You fooled everyone  
I planned my life around you  
You said, "I love you", said, "I love you"  
But you're not the one  
You fooled everyone  
I planned my life around you, but

You're not the one  
You're not the one  
You're not the one, no

You're not the one
