More than springtime loves the rain
More than seasons love to change
More than every star that shines
I'm yours and you are mine

I've searched my heart
And I've searched my soul
And now I just want you to know

Nobody loves you more
As long as rivers run into the sea
As long as dreamers still have a dream to dream
As long as there is still breath in me
You can rest assured
Nobody loves you more

More than secrets love to be told
More than winters love the snow
More than sunshine loves the day
I am here to stay

You're the reason that I wake up
All of you is not enough

Nobody loves you more
As long as rivers run into the sea
As long as dreamers still have a dream to dream
As long as there is still breath in me
You can rest assured
Nobody loves you more

More than oceans love the waves
More with every passing day
More than ever
More than forever
More than ever before... I love you more

Nobody, nobody, nobody loves you more (4x)

Nobody loves you more
As long as rivers run into the sea

As long as dreamers still have a dream to dream
As long as there is still breath in me
You can rest assured
Nobody loves you more

Nobody, nobody, nobody loves you more
