Lyrics by Phoenix Stone

Music by Phoenix Stone, Cutfather and Joe

Don't you know you're my inspiration
Don't you know we're a perfect combination
Don't you know I'd give you my last breath
Don't you know I'm different from the rest

All in all it's getting stronger
Don't know if I can last much longer
I can't hide it
I can't fight it
Don't deny it
Just give it up to me

Girl until the sky comes crashing down
Until the stars have all burned out
Until the heavens break in two
I'll still be loving you

Don't you know there's no mountain high
Don't you know no ocean is too wide
I can feel you coming to your senses
Can you feel all of my intentions

I would go to the ends of the earth
Don't you see just what you worth
I can't hide it
I can't fight it
Don't deny it
I've gotta make you see that

Girl until the sky comes crashing down
Until the stars have all burned out
Until the heavens break in two
I'll still be loving you

Ah ah ah ah I'll still be loving you
Ah ah ah ah I'll still be loving you
Ah ah ah ah I'll still be loving you
Ah ah ah ah I'll still be loving you

All in all it's getting stronger
Don't know if I can last much longer
I can't hide it
I can't fight it
Don't deny it
Just give it up to me

Still be loving you

Girl until the sky comes crashing down
Until the stars have all burned out
Until the heavens break in two
I'll still be loving you
