18 year old dance trance, a tube top and hot pants  
Found myself stupified waiting for a lapdance  
How many years could I cum? Until the sunsets!  
Keep it cool like icecream, wait until it gets wet  
A necklace, a chocolate, a picture violin  
She started crying like a kitten baby, I'm in  
How could I be the love that she's never known?  
I'm just a boy posing as a man  
DROP YOUR PANTIES  
Why you wanna tell bout your birthcontrol?  
Shakin in a room, just me you know  
Shakin them hips like a can full of nails  
You know I wanna smack it but not like a snail  
Why you gotta buy me all those things?  
A buggy ass necklace and a funky ass ring?  
You know I'm a man that can't be touched, but you  
touch

Me everytime you shake that butt  
A necklace, a chocolate, a picture violin  
She started crying like a kitten baby, I'm in  
How could I be the love that she's never known?  
I'm just a boy posing as a man
