"Don't make me strong - i wanna be weak
God break the heart - that beats in me
it's been too long - by my own strength
i try to make it right - but i keep failing

Break me down
it's when im weak that
I know you're strong
Break me down
it's when im weak that
I know you're strong

don't make me strong - i wanna be weak
make me a servant - instead of a king
oh my hardened heart - why can't you see
in your brokenness - His strength is perfect

I will boast when i am weak
So Jesus' power may rest on me
