Every little now and then I feel so cold.  
It feels like You left me out on my own  
Though I know that You could never forsake me  
I just don't understand why I feel all this pain

But You said it wouldn't be easy  
And You said that it'd come to this  
So I will trust in every word You say  
and I will, I will love You

If this makes me stronger  
If You meant for me to walk this way  
If this makes me stronger  
With You I can bear all this pain

And sometimes in my heart I question  
Why You lead me down this road  
But its not my choice of direction  
guide me, whenever, wherever You want

Coz' You said it wouldn't be easy  
No You said, that it'd come to this  
So I will trust, in everyword You say  
and I will, I will love you

If this makes me stronger  
If You meant for me to walk this way  
If this makes me stronger  
With You I can bear all this pain...

Bear this pain oh Lord, I will walk, I will walk yeah  
Oh whoa, I will walk, I walk yeah oh

If this makes me stronger  
If You meant for me to walk this way  
If this makes me stronger  
With You I can bear all this pain

I will walk (I shall not want)  
I will walk (I shall not want)  
I will walk

I will walk
