socialized retards gather round come and get it
(normalized) blow hards make the great yeah forget it
homewrecked homeless make a bet for the rejects
missing link but despite what you think i ain't no
throwback
scientists they make mistakes but they don't like to
show it
i'll eat their food right off their plates and they wont
ever know it
cuz i'm a 22nd century man
two minutes left to get it together its way too late
get to the back of that line you're in cuz you'll just have
to wait
never mind your history
it's only an annoyance
whoever said rock is what we need should see a
claravoyant
cuz i'm a 22nd century man
cuz i'm a 22nd century man
cuz i'm a 22nd century man
22nd century man
alright lets go
socialize retards gather round come and get it
normalized blow hards make the great
you may as well forget it
modern life is staggered around when you don't know
what you're missing
i can't tell you what the future is but i can make you
listen
cuz i'm a 22nd century man
22nd century man
cuz i'm a 22nd century man
yeah
cuz i'm a 22nd century man
i'm a 22nd century man
cuz i'm a 22nd century man
22nd century man
