I hate strip malls, bathroom stalls,  
Mini marts, rules, and laws  
I hate pain in my head,  
Getting out of bed,  
Talk on TV, democracy,  
I hate terror alerts,  
All the stupid jerks, land of the free,  
Idiocy. i hate bills that are new,  
Drinks that are blue,  
I hate myself, and i hate you

Destroy the USA hey hey  
George started anyway OK!  
Destroy the USA hey hey  
It's alright America, come on America

I hate cops walking the beat  
I hate the president, and i hate meat  
I hate neutron bombs, senior proms,  
Uncle Sam, corporate scams  
I hate straight edge  
I hate stupid drunk boneheads  
I hate driving cars, hanging out at bars,  
Skateboarding scars, and useless wars

Destroy the USA hey hey  
George started anyway OK!  
Destroy the USA alright  
Come on America sign up America

Destroy the USA  
Destroy the USA  
Destroy the USA  
Don't waste time, start today  
Let's go!

I hate sports i hate games  
Rock stars and stupid fame  
I hate people in the scene  
Keeping clean, fixing their hair  
Cause i don't care

I hate fast food chains, monkey brains  
Its all a frame and you're to blame,  
I hate jello molds, and eating corn  
Lines that are too long, this stupid song

Destroy the USA hey hey  
George started anyway OK!  
Destroy the USA alright  
Sign up America come on America

Destroy the USA  
It's gonna happen anyway  
Destroy the USA  
George said that it's ok  
Destroy the USA  
It's gonna happen anyway  
Destroy the USA  
Destroy the USA today
