It's cold outside and I'm a killer
Rain falls on my head
My helmet keeps my hair do dry but
You ain't here to care
I gotta step my (LIFE) up to my duty
I might get blown away
And if I survive, my heart's still bleeding
When I think your name

I wish I'd known right from the start, oh baby
What a way to deceive me
I wish I'd known right from the start, such a pity
You said you'd never leave me
I've got razorblade cuts on my heart (oh girl)
Dirty needles, broken glass and dirt (oh girl)
The only thing that keeps from falling apart
Is it belongs to you, to you, to you

Sure I escaped from the big city
I was quite nervous there
At times the (?) ticks and twitches
(VFW??) stare

I've got a razorblade stuck in my heart, oh baby
You would never believe me
I wish I'd known right from the start, such a pity
You said you'd never leave me
I've got razorblade cuts on my heart (oh girl)
Dirty needles, broken glass and dirt (oh girl)
The only thing that keeps from falling apart
Is it belongs to you, to you, to you
I've got razorblade cuts on my heart (oh girl)
Dirty needles, broken glass and dirt (oh girl)
The only thing that keeps from falling apart
Is it belongs to you, to you, to you

I got a razorblade heart
I got a razorblade heart
(I got) I got a razorblade heart
(I got, I got) I got a razorblade heart
There's pain in my heart

I got a razorblade heart (heart)
