No one's there but I'm not alone  
My skin's no longer my own  
I'm a parasite host, merely a ghost  
Of who I used to be

There's a killer running free  
They say, he looks just like me  
Voice in my head, I was misled  
By a stranger with my face

Now I got nowhere to run  
I got nowhere to hide  
Someone disguised as me  
Committed double homicide but it's too late  
They won't stop till they have someone to blame

One shot down, two shot down  
A pistol that belonged to my daddy  
One shot down, two shot down  
A life sentence for my conscience  
With no chance of parole

Vigilantes at my door  
They show no remorse  
The gallows set, the town is met  
For a hanging in the square

It's a fate that's worse than death  
Choking on every breath  
There's no escape, accept my fate  
An eye for an eye

But it's too late for me  
To start to have regrets today

One shot down, two shot down  
A pistol that belonged to my daddy  
One shot down, two shot down  
Personality fractured in two  
One shot down, two shot down  
They got what they deserved

Now they're laying in the dirt
