but of course i'll say nothing of the sort  
don't let me have control of my art  
honesty and an empty bank account  
are my gun and hand full of rounds

but we've said it all along  
the president was wrong  
the only thing left is a hope that now is gone

and i want someone to say  
that they'd listened to me  
and if i learned one thing today  
is that you'd probably sue me for honesty

the floor is open we'll be taking questions now  
ask how to lose your mind i'll try to show you how  
you left me tattered up and torn  
you've been digging graves  
since the day that you were born

but we're frightened and alone  
a place that i call home  
the way to my heart is a knife through the bone

and i want someone to say  
that they'd listened to me  
and if i learned one thing today  
is that you'd probably sue me for honesty

the floor is open we'll be taking questions now  
ask how to lose your mind i'll try to show you how  
i've left me tattered up and torn  
you've been digging graves  
since the day that you were born

but we're frightened and alone  
a place that i call home  
the way to my heart is a knife through the bone

and i want someone to say  
that they'd listened to me

and if i learned one thing today  
is that you'd probably sue me for honesty
