I still stand in solitude
Waiting on this cursed shore
Watching this sun's slow descent
Beyond, beneath the frozen sky

I watch it set one more time
I watch it set as I wait to die

Waiting on this cursed shore
I watch it set one more time
I watch it set as I wait to die

I watch it set one more time
I watch it set as I wait to die

I saw my fate in your eyes
Static memories torturing my mind
I still feel you in my heart
Burning from within
Tearing my mind apart
Still tearing me apart
Tearing me apart

(If I never see tomorrow)
I will not have lived my life
(If I don't make it to your side)
I will wish that I had died

(If I never see tomorrow)
I will not have lived my life
(If I don't make it to your side)
I will wish that I had died

I saw my fate in your eyes
Static memories torturing my mind
I still feel you in my heart
Burning from within
Tearing my mind apart

Still tearing me apart
Tearing me apart
