There is a face, so incredible
High rise, that's a better view
Thought there is a face
I ain't never knew
So incredible,
High rise, that's a better view

I look for you, in the bodies of models
And the bottoms of bottles
And the picture of fame
I look for you, in the comfort of money
And I find it so funny
That I tried to blame
Tried to blame it on you
Like you just had me playing a game
But I've been the one that's playing, forgive me

[Chorus]

Joy, you're the one that I've been seaching for
Joy, you're the only one that gives me all this
Joy you're the one that I've been looking for
But it seems that you're always disguised
Joy I just wanna believe when you tell me
The joke on em they get on by

I look for you, in the depths of the sea
In the caves of my mind
In the ache of my bleed
I look for you, in the flux of the wind
In the faces of lovers that welcome my sins
And I wish I could find you and tell you
Where do I begin
Cause I want you to know, that I need you always

[Chorus]

Joy, you're the one that I've been seaching for
Joy, you're the only one that gives me all this
Joy you're the one that I've been looking for
But it seems that you're always disguised
Joy I just wanna believe when you tell me
The joke on em they get on by

Weâ€™ve been going steady,
Shit is getting heavy
And I donâ€™t know if Iâ€™m ready
But Iâ€™m willing to see,
Iâ€™m feeling some thangs, that I ainâ€™t never felt
I ainâ€™t never knew, so incredible
High rise, thatâ€™s a better view
When we shade up, late up,
They hate us, but we donâ€™t give a fuck
We just courtside with the lakers
Thatâ€™s balling, catch up
Yeah we stay flexed up,
Thatâ€™s the way we gotta keep it
Never keep a secret, fuck who donâ€™t believe it
Girl you know I need it

[Chorus]

Joy, youâ€™re the one that Iâ€™ve been seaching for
Joy, youâ€™re the only one that gives me all this
Joy youâ€™re the one that Iâ€™ve been looking for
But it seems that youâ€™re always disguised
Joy I just wanna believe when you tell me
The joke on em they get on by.
