Mirror, mirror won't you give me  
Reflections of another wanna be, wanna be  
Lam and silky lingerie  
Satin hearts and dolls at center stage

His lip and left leg quivered  
He'd stand and he'd deliver  
And on my knee in sixty-three  
I was Billy Fury in my mirror

Oh I'd wanna be, I wanna be  
Like Billy Fury  
I wanna be mean and blond  
Wanna mumble perfect jumbo  
With a little innuendo  
I want it to be "Like You've Never Been Gone"

Stereo monaural, both compatible  
Dansette playing another shake, rattle and roll  
The D.J.'s say this boy really matters  
Pre-fab four on a disc and platter

And his quiff was sprung with grease  
He was torn up underneath  
But in my room I played my broom  
While Billy Fury made them scream

Oh I'd wanna be, I wanna be  
Like Billy Fury  
I wanna be mean and blond  
Wanna mumble perfect jumbo  
With a little innuendo  
I want it to be "Like You've Never Been Gone"
