Victory Song - Billy Madison

Yes, I will go back to school and achive victory
No man will take what my father has built unless that
man is me

Veronica, I thank you
for beating the shit out of me.
I see things so clearly now, I choose my destiny

[We're to help you Billy
Get back in school to stay
you've got to work real hard and stick it out
till Graduation day]

{Hey Kids, It's me,
I bet you thought that I was dead
But when I feel over, I just broke my leg
and got a haemorrhage in my head. hahaha!}

There are obstacles in the world
but together we shall overcome
'cause you can't break a spirit and you can't kill a
dream
Do you have any more gum?
more gum
more gum
more gum
Do you have any more gum?
